Create a short film.

**Task:** Create a short film on a subject of your choice

You must:
- Use film footage, sound, images and text.
- Think about who you are aiming it at: children, teenagers, adults, girls, boys.
- Suggested text types could be: story, diary, news report, non-chronological report, explanatory text.

| ![Gold cup](image) | - Use a range of different filming angles and distances.  
- Make your music beat match that of the action or movement between sections within your project.  
- Analyse and evaluate your film explaining your audience and how you have catered for them.  
- Collect feedback as you are working from peers or adults to help to improve your film, showing clearly how you have improved. |       |

</table>
| ![Code and child](image) | - Research the program you are using online for tips on how to use it.  
- Watch [short films](https://kidsloveshortfilms.com) to get ideas on how to improve your work.  
- Organise using a camera and setting it on a surface, practising what you are going to film.  
- Collect pictures together to use that are not pixelated or too small. |       |
